

ZINC-WEIGHTS FOR PASSENGER CARS

TYPE 63

Knock-on weight for alloy rims

Special features: Zinc weight with silver powder-coating. The special shape of the weight allows application on most alloy rims.

Available grammatures: 5 g, 10 g, 15 g, 20 g, 25 g, 30 g

Packaging unit: 100 pcs

Available grammatures: 35 g, 40 g, 45 g, 50 g

Packaging unit: 50 pcs

TYPE 84

Knock-on weight for steel rims
(also for French cars as well as light trucks)

Special features: Zinc weight with silver power-coating. The special shape of the weight allows application on most steel rims.

Available grammatures: 5 g, 10 g, 15 g, 20 g, 25 g, 30 g

Packaging unit: 100 pcs

Available grammatures: 35 g, 40 g, 45 g, 50 g

Packaging unit: 50 pcs

TYPE 395

Adhesive weight for alloy rims

Special features: Zinc adhesive weight with 5 g segments. Special shape of the segments allows optimal adjustment to the rim radius. Available with silver (Type 395) or black powder-coating (Type 395 B).

Options: 12 x 5 g (60 g)

Weight: 18 mm

Width: 4.4 mm (incl. adhesive tape)

Height: 100 pcs

Packaging unit:

TYPE 395 R

Adhesive roll for alloy rims

Special features: Zinc adhesive roll with 1,200 x 5 g segments. Special shape of the segments allows optimal adaption to the radius of the rim. Available with silver (Type 395 R) or black powder-coating (Type 395 RB).

Options: 1,200 x 5 g (6 kg)

Weight: 18 mm

Width: 4.4 mm (incl. adhesive tape)

Height: 1 roll

Packaging unit: Roll dispenser MASTER-Cut (optional floor stand for stability) or roll holder Type 2800.

Available accessories:

TYPE 371

Adhesive weight for alloy rims

Special features: Zinc adhesive weight with 5 g segments. Available with silver (Type 371) or black powder-coating (Type 371 B).

Options: 12 x 5 g (60 g)

Weight: 19 mm

Width: 3.8 mm (incl. adhesive tape)

Height: 100 pcs

Packaging unit:

TYPE 371 R

Adhesive roll for alloy rims

Special features: Zinc adhesive roll with 1,000 x 5 g segments with silver powder-coating on roll. Easy to separate.

Options: 1,000 x 5 g (5 kg)

Weight: 19 mm

Width: 3.8 mm (incl. adhesive tape)

Height: 1 roll

Packaging unit: Roll dispenser MASTER-Cut (optional floor stand for stability) or roll holder Type 2800.

Available accessories:

TYPE 396

Adhesive weight for alloy rims

Special features: Steel adhesive weight with 5 g segments. Available with silver (Type 396) or black powder-coating (Type 396 B).

Options: 12 x 5 g (60 g)

Weight: 18 mm

Width: 3.8 mm (incl. adhesive tape)

Height: 100 pcs

Packaging unit:

TYPE 397

Adhesive weight for alloy rims

Special features: Steel adhesive weight with 5 g segments. Available uncoated (zinc plated) (Type 397 U) or with silver (Type 397) or black powder-coating (Type 397 B).

Options: 12 x 5 g (60 g)

Weight: 19 mm

Width: 3.8 mm (incl. adhesive tape)

Height: 100 pcs

Packaging unit:

TYPE 398

Adhesive weight for alloy rims

Special features: Steel adhesive weight with 5 g segments. Available uncoated (zinc plated) (Type 398 U) or with silver (Type 398) or black powder-coating (Type 398 B).

Options: Segments 4 x 5 g and 4 x 10 g (60 g)

Weight: 19 mm

Width: 3.8 mm (incl. adhesive tape)

Height: 100 pcs

Packaging unit:

TYPE 396 R

Adhesive roll for alloy rims

Special features: Steel adhesive roll with 1,200 x 5 g segments. Easy to separate. Available with silver (Type 396 R) or black powder-coating (Type 396 RB).

Options: 1,200 x 5g (6 kg)

Weight: 18 mm

Width: 3.8 mm (incl. adhesive tape)

Height: 1 roll

Packaging unit: Roll dispenser MASTER-Cut (optional floor stand for stability) or roll holder Type 2800.

Available accessories:

TYPE 397 R

Adhesive roll for alloy rims

Special features: Steel adhesive roll with 1,000 x 5 g segments. Easy to separate. Available uncoated (zinc plated) (Type 397 RU) or with silver (Type 397 R) or black powder-coating (Type 397 R) on roll.

Options: 1,000 x 5 g (5 kg)

Weight: 19 mm

Width: 3.8 mm (incl. adhesive tape)

Height: 1 roll

Packaging unit: Roll dispenser MASTER-Cut (optional floor stand for stability) or roll holder Type 2800.

Available accessories:

MultiFIT™

WHEEL BALANCE WEIGHTS

PERFECT EQUIPMENT® universal weights are the perfect solution for the workshop.

LEAD-WEIGHTS FOR PASSENGER CARS

TYPE 5

Knock-on weight for steel rims

Special features: Uncoated lead weight, removal slot is placed further forward for easy removal after use.

Available grammatures: 5 g, 10 g, 15 g, 20 g, 25 g, 30 g

Packaging unit: 100 pcs

Available grammatures: 35 g, 40 g, 45 g, 50 g, 55 g, 60 g

Packaging unit: 50 pcs

TYPE 15

Knock-on weight for alloy rims

Special features: Uncoated Lead weight.

Available grammatures: 5 g, 10 g, 15 g, 20 g, 25 g, 30 g

Packaging unit: 100 pcs

Available grammatures: 35 g, 40 g, 45 g, 50 g, 55 g, 60 g

Packaging unit: 50 pcs

TYPE 3

Adhesive bar for alloy rims

Special features: Uncoated lead adhesive bar. Especially for rims with narrow balancing area; also suitable for some motorcycle rims.

Options: Segments 4 x 5 g and 4 x 10 g (60 g)

Available grammatures: 15 mm

Width: 5 mm (incl. adhesive tape)

Height: 100 pcs

Packaging unit:

TYPE 16

Knock-on weight for alloy rims

Special features: Uncoated lead weight. Similar to Type 15 but with shorter clip for rims with a low bead seating area between tyre and flange.

Available grammatures: 5 g, 10 g, 15 g, 20 g, 25 g, 30 g

Packaging unit: 100 pcs

Available grammatures: 35 g, 40 g, 45 g, 50 g, 55 g, 60 g

Packaging unit: 50 pcs

TYPE 13

Adhesive bar for alloy rims

Special features: Uncoated lead adhesive bar. Especially for vehicles where there is no sufficient clearance area between brake components and the rim.

Options: Segments 4 x 5 g and 4 x 10 g (60 g)

Available grammatures: 18 mm

Width: 3.8 mm (incl. adhesive tape)

Height: 100 pcs

Packaging unit:

NOTE REGARDING THE USE OF LEAD WEIGHTS

These weights do NOT comply with the EU End-of-Life Vehicles Directive 2000/53/EC and therefore, according to the EU directive, they must not be applied to M1 and N1 class vehicles.

MASTER-Cut

Roll holder with integrated cutting device. Suitable for all PERFECT EQUIPMENT® adhesive weight rolls. Multifunctional use for mounting on the workbench or the wall. Available also with a floor stand system for flexible positioning.

Special features: Integrated tape measure and cutting device for faster and easier usage.

ROLLHOLDER

TYPE 2800

Suitable for all PERFECT EQUIPMENT® 5 kg adhesive weight rolls. Multifunctional use, for mounting on the workbench or the wall.

Special features: Tape measure on outside of packaging for quick and uncomplicated operation.

REPLACEMENT BLADES

Content: 2 x replacement blades

REPLACEMENT BLADE SET

Content: 1 x Pin for blade
2 x cutting stop red
2 x replacement blades

LEVER

Content: 1 x Lever

DEFLECTOR ROLL 19 mm

Content: 1 x device for the usage of roll types 371 R, 397 R and 397 UR for older MASTER-Cut models
2 x cutting stop
2 x replacement blades

FLOOR STAND SYSTEM

Content: 1 x pole with screws
1 x floor plate

DRIVE UNIT

Content: 1 x drive unit with locking element and lever
